

Snippet Training

In just a snippet of time your dog will be introduced to an obedience command by a Golrusk Trainer. Each session is 10 minutes long and \$10 per command. You will receive a report card on how your pet did along with instructions to practice the command at home.

To get started we need the following information:

Today's Date: _____ Date of Training: _____.

Owner's Name: _____.

Pet Name: _____.

1. **___ Go To Mat** – This command is an impulse control exercise for your dog. We teach them to go to their bed and chill a bit.
2. **___ Leave It** – This safety command is necessary to stop your dog from eating a dropped pill or other item that they may come upon that could harm them. Together we will teach them to stop looking and back away from the item.
3. **___ Wait at Doors** – With this command, your dog will be taught to wait at all doors until you give the command for him to go thru. This safety and good manners command will keep your dog from sprinting out the front door, or jumping out of vehicles when doors are opened.
4. **___ Come** – Don't you wish your dog when come when called instead of when he feels like it? We will introduce this command to your dog and give you the tools to continue training this vital command.

Please select the command you would like your dog to learn:
